Molded Foam Cap

We design every kneepad we make with a focus on comfort, protection and function. Our top-of-the-line kneepads offer the ultimate in comfort by using a combination of layered gel and soft foam padding. The knee cups and strap systems are designed to hold the kneepad in place and make the fit as comfortable and safe as possible. We have kneepads for all applications with caps designed for stability, mobility, or for polished surfaces.

GEL STABIL-CAP ARTICULATED KNEEPADS

378 MS - MULTI-SURFACE

Our Stabil-cap design provides a solid kneeling base and also allows for easier forward movement, effectively increasing your range of motion.

Articulated straps are configured to allow kneepads to "float over" the knees when standing, requires less strap adjustment, and provide greater all day comfort than traditional strap systems.

Injection-molded polyurethane and Gel technology give our Contour-Fit Knee Cups unsurpassed all day comfort and support.

WORK GLOVES

DYNAMIC PROTECTION AND DEXTERITY.

Welcome to the CLC work glove section. Our latest glove offering, right here at your fingertips. Inside you'll find a broad selection of styles for a multitude of applications. Our product designers have worked tirelessly to create some classic styles with innovative features that fit the needs of even the most discerning tradesman. We've selected the right materials and use tested construction techniques to give you superior wear. And, not only are our products built right, stylish and functional, they fit right, too. We take great pride in being a leader in the work glove category.

HI DEXTERITY

CLC Flex Grip gloves deliver an unmatched blend of style, function and quality. They're form-fitted for added dexterity and reduced fatigue. We use quality materials and time-tested construction methods to make this dynamically styled line the best-of-the-best in high dexterity gloves. Our Synthetic palm material provides increased abrasion resistance for better wear. And our Stretch-Fit thumb feature and spandex back combine for a better fitting glove with greater flexibility.

CHEMICAL / DISPOSABLE

When handling chemicals, it's always a good habit to wear the appropriate gloves and eye protection. We carry a number of chemical resistant gloves, both reusable and disposable. Matching the type of glove to the chemical exposure is key. We make gloves made of PVC, Nitrile and Latex, in coverage lengths from wrist to gauntlet so the correct glove can be chosen for the required application.
