

CLC[®]

WORK GEAR

Since 1983, CLC® Work Gear has set the benchmark for quality, durability, and innovation in the work gear industry. For over forty years, professional tradespeople have relied on CLC to deliver rugged, dependable solutions that help keep them organized, efficient, and productive on the jobsite.

CLC built its reputation by crafting premium leather tool belts, pouches, and accessories for hardworking professionals. As the needs of the trades evolved, so did CLC. Expanding beyond its traditional leather roots, the brand introduced advanced tool bags, tool carriers, protective work gloves, kneepads, and a wide range of innovative work gear designed to perform in the toughest jobsite conditions.

Every CLC product is created with the end user in mind. Our design team works closely with professional tradespeople to develop functional, jobsite driven solutions that address real world challenges. From selecting top quality materials to incorporating patented features, reinforced construction, and thoughtful details, CLC remains dedicated to building rugged, high-performance gear that skilled tradespeople trust to get the job done right.

THE NEXT GENERATION OF CLC EXCELLENCE.

Our core leather and poly collections are entering a new era. CLC's latest upgrades reinforce our position as a category leader through improved fabric construction and enhanced hardware components. Modernized design elements provide a more contemporary look, while upgraded materials deliver greater durability, comfort, and long-lasting performance. New hardware finishes add a premium touch, elevating both appearance and functionality. Combined with additional user-driven features, these enhancements ensure our leather and poly collections continue to meet the evolving needs professionals depend on.

PRODUCTS THAT WORK HARDER.

Enhancements across our core leather and poly collections reflect CLC's commitment to continuous improvement, innovation, and quality. By combining proven performance with modern design and upgraded materials, we deliver products that work harder, last longer, and look better than ever before. Watch for the new look icon throughout this catalog to identify enhanced leather and poly collection models and explore the full range of product improvements.

WORK GEAR

PHANTOM

THE NEW STANDARD IN WORK GEAR.

The Phantom Collection sets a new standard in work gear—black-out, purpose-built, and unapologetically bold. Designed with high-end materials and engineered for relentless jobsite demands, this lineup delivers durability, comfort, and smart organization without compromise. Dark in design, tough in construction, and unstoppable in performance, Phantom is built for pros who expect their gear to work as hard as they do.

COLLECTION

Whether on the jobsite, in the workshop, or traveling between worksites, our work gear delivers durable, dependable storage for professionals who need their tools secure, protected, and ready when it matters most.

BOLD. DARK. UNSTOPPABLE.

Gardening and Home Projects.

Molded Foam Cap

GEL STABILI-CAP ARTICULATED KNEEPADS

378 | MS - MULTI-SURFACE

Our Stabili-cap design provides a solid kneeling base and also allows for easier forward movement, effectively increasing your range of motion.

Articulated straps are configured to allow kneepads to “float over” the knees when standing, requires less strap adjustment, and provide greater all day comfort than traditional strap systems.

Injection-molded polyurethane and Gel technology give our Contour-Fit Knee Cups unsurpassed all day comfort and support.

GEL ULTRA

One size fits most.

GEL FLOORING KNEEPADS

372 | FS - FLOORING SURFACE | GEL ULTRA

› Softcap design resists scratching and works well on hard, polished finish surfaces.
› Web and woven elastic straps with slide buckle connectors allow for easy adjustment and a secure fit.

› Injection-molded polyurethane and Gel technology give our Contour Fit Knee Cups unsurpassed all day comfort and support.
› One size fits most.

GEL STABILI-CAP KNEEPADS

376 | MS - MULTI-SURFACE | GEL ULTRA

› Our Stabili-Cap design provides a solid kneeling base and also allows for easier forward movement, effectively increasing your range of motion.
› Web and woven elastic straps with slide buckle connectors allow for easy adjustment and a secure fit.

› Injection-molded polyurethane and Gel technology give our Contour Fit Knee Cups unsurpassed all day comfort and support.
› One size fits most.

GEL SWIVEL KNEEPADS

375 | FS - FLOORING SURFACE | GEL ULTRA

› Our unique swivel cap design makes forward and lateral movement easier, effectively increasing your range of motion.
› Web and woven elastic straps with slide buckle connectors allow for easy adjustment and a secure fit.

› Injection-molded polyurethane and Gel technology give our Contour Fit Knee Cups unsurpassed all day comfort and support.
› One size fits most.

AIRFLOW GEL KNEEPADS

367 | MS - MULTI-SURFACE GEL | PLUS

› Airflow side panel design helps ventilate kneepad and reduce heat build-up.
› Stabili-cap design provides a solid kneeling base and also allows for easier forward movement, effectively increasing your range of motion.

› Layered Gel, high density closed cell foam and neoprene padding for superior all day comfort.
› Elastic straps with hook and loop closures provide the right fit.
› One size fits most.

PROFESSIONAL GEL KNEEPADS

G340 | RS - RUGGED SURFACE

PROFESSIONAL KNEEPADS

345 | RS - RUGGED SURFACE | FOAM

- › Thick, high-density, closed-cell foam for all day comfort.
- › Large caps for more protective coverage.
- › Breathable neoprene lower straps secure below the knee for added comfort.
- › Upper elastic strap with slide buckle fasteners for rapid fit.
- › One size fits most.

SWIVEL CAP KNEEPADS

V237 | MS - MULTI-SURFACE | FOAM

- › Exclusive grooved cap design prevents thread abrasion.
- › Comfortable foam padding for extra knee protection.
- › Slide buckle style fastening system with adjustable straps.
- › Tough, lightweight fabric covering.
- › One size fits most.

NON-SKID SWIVEL CAP KNEEPADS

V236 | FS - FLOORING SURFACE | FOAM

- › Exclusive grooved cap design prevents thread abrasion.
- › Comfortable foam padding for extra knee protection.
- › Slide buckle style fastening system with adjustable straps.
- › Tough, lightweight fabric covering.

BELTS & SUSPENDERS

TAKE A LOAD OFF.

We've designed our tool belts and pouches to carry the necessities that get you through your day, and our high quality work belts and suspenders help carry the load. Whether your preference is for lighter weight, breathable polyester or tried-and-true leather, we have a belt that's sure to fit. And if you're the type that likes to load up your apron or pouches with a tool for any situation, our suspenders will help distribute that extra weight and shoulder the load a little more comfortably.

CHEMICAL/DISPOSABLE

AUTOMOTIVE

Welcome to the CLC glove work section where you'll find a broad selection of styles for a multitude of applications. Our product designers have worked tirelessly to create some classic styles with innovative features that fit the needs of even the most discerning tradesman. We've selected the right materials and use tested construction techniques to give you superior wear. And, not only are our products built right, stylish and functional, they fit right, too. We take great pride in being a leader in the work glove category.

HIGH DEXTERITY

CLC Flex Grip gloves deliver an unmatched blend of style, function and quality. They're form-fitted for added dexterity and reduced fatigue. We use quality materials and time-tested construction methods to make this dynamically styled line the best-of-the-best in high dexterity gloves. Our Synthetic palm material provides increased abrasion resistance for better wear. And our Stretch-Fit thumb feature and spandex back combine for a better fitting glove with greater flexibility.

TRADESMAN™

LIGHT-DUTY SKI / SPORTS GLOVES

2077L | L

- › Black nylon ski glove.
- › Adjustable wrist closure.
- › 40 Gram polyester insulation.
- › Reinforced palm.

CHEMICAL / DISPOSABLE

When handling chemicals, it's always a good habit to wear the appropriate gloves and eye protection. We carry a number of chemical resistant gloves, both reusable and disposable. Matching the type of glove to the chemical exposure is key. We make gloves made of PVC, Nitrile and Latex, in coverage lengths from wrist to gauntlet so the correct glove can be chosen for the required application.

2316 - Powdered.
